

## Coolright Ducted - 9.0 kW

### Unit Specification:

Cooling capacity.....	8.31
Power Supply.....	230v. 1p. 50Hz. 13A UK plug.
Running current at 35 degrees / 40% humidity.....	10.3A
Refrigerant.....	R454C. 1300g
Weight main cooling unit.....	95Kg
Maximum permissible refrigerant pressure.....	370psi
Main cooling unit noise level.....	65dB(A)
Main unit evaporator airflow. Maximum.....	1080 m3/h
Main unit condenser airflow. Maximum.....	1800 m3/h
Maximum operating temperature.....	15 Degrees Celsius
Maximum operating temperature.....	35 Degrees Celsius
IP rating.....	IP2X
Dimensions H/W/D.....	1192/526/774mm (including spigot)
GWP.....	<150
